EDUCATION

- **DIT University, Dehradun**
 - Bachelor Of Technology in Computer Science and Engineering 2023 - 2027
- **City Montessori School, Lucknow**
 - Intermediate Indian school certificate (I.S.C.) 2020 - 2022
 - Indian certificate for secondary education (I.C.S.E.) 2018 - 2020

WORK EXPERIENCE

- **TATA Motors (June 2026 – Present)**
Frontend Developer & UI Designer Intern
 - Developed responsive web applications and implemented user-centric features using modern web technologies.
 - Designed professional branding assets, including logos and visual identities, aligned with enterprise standards.
 - Collaborated with cross-functional teams to deliver scalable, intuitive, and visually consistent digital solutions.
- **Celebal Technologies (June 2026 – Present)**
Data Science Intern
 - Gaining hands-on experience in Python, Machine Learning, Deep Learning, and Generative AI through practical projects.
 - Working with RNNs, Autoencoders, GANs, RAG pipelines, Large Language Models (LLMs), and Agentic AI systems.

PROJECTS

- **ChainSmart – E-Commerce Platform (HTML, CSS, JavaScript)**
 - Developed a multi-page ESG-focused e-commerce application featuring user onboarding, product management, ESG scoring, and sustainability rewards.
 - Designed a reusable global design system with responsive layouts, animations, and consistent UI components, improving maintainability and scalability across multiple pages.
 - Implemented dynamic client-side logic for real-time ESG calculations, interactive dashboards, form validation, and enhanced user engagement.
- **SkyCast (HTML, CSS, JavaScript, OpenWeather API)**
 - Built a scalable, user-friendly weather application supporting real-time location-based and city based forecasts.
 - Optimized UI behavior through efficient state handling, dynamic content rendering, and structured user interactions.
 - Strengthened reliability by implementing robust validation and graceful error handling for invalid inputs and failed requests.

TECHNICAL SKILLS

- **Relevant Coursework:** Data Structures & Algorithms, DBMS, Operating Systems, Computer Networks.
- **Languages:** Java, Python, JavaScript, C programming, R programming.
- **Frontend:** React, HTML, CSS, Tailwind.
- **Backend & APIs:** REST APIs, API Integration, JSON.
- **Tools & Platform:** Git, GitHub, GitLab (Version Control), VS Code.
- **Databases & Cloud:** MongoDB, SQL.
- **Operating Systems:** Linux, Windows.

CERTIFICATES

- **Gen AI & Cloud Computing Foundations:** AI Basics, Cloud Concepts.
- **Core Java:** OOPs, Collections, Exception Handling.
- **Linux Fundamentals:** CLI, File System, Permissions.
- **Database Management Essentials:** SQL, Normalization.
